## BIBLE SOCIETY DAY

One of the comforting things that comes to us from the far-dung battle line is the eagerness with which soldiers in all the countries engaged eagerly seize the opportunity to secure a portion of Scripture. In the grim struggle the common cry is for something substantial and abiding to give them comfort and a sure hope should it be their lot to fall in the fray.

As these portions of Scripture are freely given to them some one must foot the bill—what one thing of greater value can be given them in their days of trial? Let us rally to their help.

On the coming Sunday Rev. W. E. Hazard, a representative of the Bible Society, is to be in GRIMSBY and it has been arranged for him to speak in the Anglican Church at 11 a.m. in the Presbyterian Church at 2.30 p.m., in the Baptist Church at 7 p.m. and to give an illustrated address at 8.15 p.m. in the Methodist Church. It is expected that a crowded house will greet Mr. Hazard at the last appointment as the lantern views are both interesting and instructive and will be well worth seeing.

## FRUIT FOR THE SOLDIER BOYS

The committee who were appointed in August to secure contributions of fruit to be sent to Hamilton to be caned for the soldier boys at the front reports to THE INDEPENDENT that quite a number of fruit-growers who promised contributions of fruit have so far failed to deliver.

The committee are very anxious that the contributions be delivered to the cold storage plant as soon as possible as the season is drawing to a close and if the contributions are not received within a few days it will be too late, especially for peaches and pears.

The committee are very anxious that as large an amount as possible be sent forward from this district and they urge the growers to devote a little time to the delivery of the amount of fruit that they have promised.

The committee would also be pleased to receive contributions from parties who have not yet promised. Pears, grapes and apples will be very acceptable and the season for them is now on. Kindly do not overlook this matter. Fruit means very little to the people in this district, but it is a tremendous luxury to the boys at the front.

## STONE CREEK HOME GUARDS ARE CRACK SHOTS

Stone Creek, Sept. 23.—The Stone Creek company of the Home Guard proved its superiority over a number of Hamilton companies both in membership and in shooting competitions. This company was formed by Col. Sgt. J. H. Jones, who has always taken part in its progress. It has also made further headway by having uniforms for all its members joined up for overseas it is still hoped to swell the ranks with new names. The most exciting match place Thursday evening, when Hamilton company No. 3 journeyed here and piled up 322 points against the home team's 231 points, being made by tea men, which is the biggest score that has yet been made through out the competition. In the match seven possibilities were made by D. Depeu, L. T. Springstead, G. Sackrider, W. Nelson, J. Walker, W. Bland, A. Marshall, of Stone Creek, and a possible by G. Stark, of the visitors. Drills for the future months will immediately be arranged and it is hoped that anyone who is not able to join overseas battalions will acquaint himself on any drill night for membership to Capt. J. Walker or Sgt. Jones.

### NO. THREE GRADE OF FRUIT

Ottawa, Sept. 27, 1914.—The Inspection and Sale Act, Part IX, requires that all fruit packed in a closed package and intended for sale, shall be marked with one of the following grade marks: Fancy, No. 1, No. 2 or 3. The grades Fancy, No. 1 and No. 2 are defined, but unfortunately the Act does not define the No. 3 Grade, specifying only that the face or shown surface of the package shall honestly represent the contents of the package. Therefore any inferior fruit may be marked No. 3 so long as it is honestly faced.

In view of the fact that large quantities of fruit will be graded No. 3 this season I would suggest that packers place some distinctive mark on the package other than No. 3 that would indicate the quality of the No. 3 fruit in the package. For example, if the fruit is large or of fine quality but owing to some defects would not grade up to No. 2, the following marks are suggested: Large No. 3, Special No. 3, or Good No. 3. This would make known to the trade that the fruit in the package so stamped was of better quality than the fruit ordinarily packed No. 3.

In order to protect such a practice from abuse the fruit inspectors are instructed to inspect such packages very thoroughly to see that the quality of the fruit is as the marks would indicate. If the apples are marked "Good No. 3" we would expect them to be better than the ordinary run of 3's if they are marked "Special No. 3" the inspectors would expect to find them of special quality for the grade.

D. Johnson,  
Fruit Commissioner.

## BEAMSVILLE FAIR A GREAT SUCCESS

Beamsville has had many successful fairs but never a more successful one from every point of view than that held on Wednesday, Sept. 20, 1916. The day was a beautiful one, neither too hot nor too cold, a pleasant breeze and lots of sunshine. The crowd was a monstrous one being considerably larger than last year and last year was almost a record attendance.

The exhibits in the hall and the ring in front of the grand-stand were equal if not superior to that of any previous year. The exhibition of live stock, while being of excellent merit was not very large.

There was an unusually fine lot of horses in every class and the speed events were so closely contested that the grand-stand rang with applause during every heat.

In the free-for-all John R. Hal showed his ability to step very fast, giving a great exhibition in the last of his three winning heats as he went out to show what he could do, pacing the last half over a heavy track in 1:07.

In the 2:22 class it took five hard heats to find the winner. Peter Peeler finally winning the race after some very close finishes with Dan Patchen, C. E. Barr's very clever three-year-old colt.

The local race furnished great sport for the crowd and a big surprise for some of the horsemen when Abe Tufford's Sydney Sprague succeeded in winning the last three heats in splendid style after Clara Wilkes had won one heat and Baby Allerton had won two heats.

An added feature was the appearance of the 2nd division cycle corps of twenty men from St. Catharines who gave a series of drills in front of the grandstand. The members of

the corps handle their wheels with a speed and precision that delights the people.

Despite the war, the turnout of automobiles on the grounds was amazing. At one time there must have been easily four hundred motors lined up along the track.

Although the classes were not large, some very good sheep being shown. In Shropshire, the bulk of the prizes went to A. Shields at Canfield, while Southdowns were divided fairly equally between J. W. Springstead & Co., Caister Centre, and C. A. Springstead, of the same place. A. E. Field-Marshall won everything in Dorsets, while the Leicester awards went to John Packham & Sons and D. M. Shaw & Sons, Caister and South Grimsby, respectively.

Durham cattle showed up splendidly and there was a hot competition right through the class. The herd of Harvey Pawell, Jordan, was well to the fore, with A. P. Kinney, of St. Ann's next, and Fred Backhardt, of Clinton, coming in third. A. Wynn, of Grimsby, had two fine yearlings that received a couple of red tickets.

Wilson McPherson & Sons practically swept the class in Ayrshires while Jerseys were equally divided between Ivan L. Moote and Lucien Moote, of St. Ann's.

Corn, potatoes, cauliflower, in fact most of the articles grown in the district were very meagerly represented owing to the fact that the drought has rendered the crop almost negligible in some districts. The exhibition of women's work in the main building was however, of unusual merit, there being a greater number of exhibits than for some time past and the work of a high order. The poultry exhibit was one of the surprises of the fair. It far surpassed all the other showings of poultry held in Smithville, both in numbers and in the quality of the fowl exhibited.

**SMITHVILLE FAIR A BIG SUCCESS THIS YEAR**  
For the first time in several years the sun graciously showed its light and glory on the fall exhibition of the Peninsular Central Agricultural society which was held at Smithville, Ont. Sept. 22. As a result of the glorious weather the fair grounds were swarmed yesterday with people of the Village and the surrounding country, who joined in saying that this year's fair eclipsed all the former ones in everything but in the exhibits of fruit, grain and vegetables, which were much below the average. The crowd was estimated at over 4,000, the total being swelled by several hundred school children, who watched the grounds in a happy, automobile parties were a big feature of the attendance.

The exhibits in the main building were noticeably smaller than in other years. According to the officials, this was natural, owing to the fact that this autumn has been the worst for

most fruits, grain, and vegetables that the farmers have experienced in years. This department is again in charge of Miss Lee. That statement is sufficient to warrant the success of the department and the satisfaction of our many customers. A few remarks, however, may not be out of place.

First:—Practically everything was cleaned up last year. The stock is all new and fresh, and can't fail to please.

Second:—We aim to give our patrons stylish, reliable goods, and at the same time keep the prices within reach of the people who are not millionaires.

Third:—Miss Lee has spent two months in Toronto, London, Detroit, Sandusky, and other American and Canadian cities and believes she has the last word in new ideas.

Fourth:—All orders will be gotten out promptly as we have the staff and don't sleep in the day time.

## DRESS GOODS

In years past we advertised "New Dress Goods." This season the question is where can old values and qualities be found. While we admit our stock is smaller than in some past seasons, we can truthfully say that some excellent values in black, navy, green, red, grey and brown can still be found on our shelves. These comprise cashmere, panna, serge, poplin, satin cloth and fancy dress goods.

Cost materials in Beaver, Broadcloth, Cui and Blanket Cloth.

Corrad velvets in black, cream, green, navy, brown and copenhagen.
